First Name <input type="text" value="First name"/>	Last Name <input type="text" value="Last name"/>
Email <input type="text" value="Email address"/>	
School <input type="text" value="School"/>	
Title <input type="text" value="Title"/>	
Password <input type="password" value=""/>	

3

Once you sign up, you'll be taken to "Curriculum," where you'll see the "Course Overview." This main menu provides access to all materials. Check out the resources under "Introduction" first. As you move through the course, checkmarks will appear, letting you know where you left off. **Don't forget to bookmark this page!**

4

When you click on a lesson, a page like the one below will appear. In the window is the Lesson Plan. Under "Summary" you'll find Google Slides for the lesson and video URL's (if you don't use the Slides). Under "Downloads" you'll find the Lesson Plan, Student Packets (PRINT and ONLINE versions).

The screenshot shows the Cyber Civics website interface. The main content area displays the lesson plan for 'Lesson 1: De-Tech-Tive Work'. It includes a summary of the lesson's objective, key standards (ISTE, CASEL, and CCSS), learning objectives, and an introduction to the lesson. A cartoon owl icon is visible next to the learning objectives. The right sidebar contains a 'Summary' section with a brief overview, 'Google Slides for this lesson' link, video URLs, and a 'Downloads' section with links to the lesson plan, online student packet, and print student packet.

Don't hesitate to ask for help!

- We provide complimentary online tutorials for any teacher who needs help.
- We offer professional development webinars for teachers AND parent presentations too!
- There's also a Facebook Group where teachers share best practices: <https://www.facebook.com/groups/cybercivics>
